FAQS ABOUT BEING A CRYSTAL MOUNTAIN OWNER

Did you know that the vast majority of Crystal Mountain’s lodging is privately owned by individuals and up-north-loving families? Even the hotel rooms are privately owned. This means you have many options to choose from when it comes to owning a place up north. What’s more, the ability to place your unit on Crystal Mountain’s rental management program means that you have the potential to offset your ownership expenses. Sound intriguing? Here are some of the more frequently asked questions we hear in the real estate office, to give you a head start in your exploration.

Really, I can own a hotel room? Yes – in fact, our hotel rooms boast some of the highest occupancy rates of all of Crystal’s lodging.

Is fractional ownership the same as a time share? No. The main difference between fractional ownership and a timeshare is that in a fractional ownership arrangement, you have a deeded interest in the property. If the property goes up in value, the fractional owner’s share also becomes more valuable. With a timeshare, ownership is not distributed. The owner purchases only “time slots” at a property, and these weeks or months do not rise and fall in value with the value of the property. The title is still owned by the principal owner.

What amenities come with ownership? Ownership itself does not provide the benefit of use of the resort’s amenities, but both participation in Crystal Mountain’s rental management program as well as membership in Crystal’s Four Seasons Club do. Good to know: Four Seasons Club membership options are available to the buyer with the purchase of their unit. Now that sounds like fun!

If I rent my unit, what kind of income can I expect? The ability to rent your place when you’re not enjoying it yourself provides an opportunity to offset expenses associated with owning a second home. Factors such as how often and when an owner uses their unit themselves will affect its money-making capabilities. Crystal Mountain Realty has examples of income and expense histories for our listings – stop by and we’d be happy to go through the details.

As owners, can our pet join us in our unit? Yes – and we hope Fido or Whiskers does! They are part of the family, too, after all.

YOUR GUIDE TO CONDO OWNERSHIP AT CRYSTAL

The choices are many when it comes to owning a place at Crystal Mountain. If the low-maintenance mode d'operation of a condominium or townhome suits your fancy, you'll find the following options quite appealing:

FRACTIONAL OWNERSHIP

Fractional ownership provides the joys of fully-deeded property ownership at Crystal, but at a fraction of the cost. You get the benefits of owning an attractive up-north condo or cottage without putting up the cash to purchase the whole property outright. This also means that you only have a fraction of the ownership expenses, too.

(1) Bungalows at Crystal Glen: 3- & 4BR. Large, arts-and-crafts style bungalows at the base of the slopes and within steps of the shops, restaurants, spa and pools. Eighth ownership.

WHOLE OWNERSHIP

(5 & 6) Colony & Hamlet: Hotel-condos boast the resort's highest occupancy levels and exceptional locations. Hamlet and Colony rooms have recently been renovated.

MAKE CRYSTAL HOME

THE FOUR NEIGHBORHOODS OF CRYSTAL MOUNTAIN

Folks looking for something larger or a little more permanent will take delight in any of Crystal Mountain's four residential neighborhoods, the Club, Village, Trailside and MountainWoods. Whether you buy an existing home or build your own, you'll enjoy calling Crystal "home".

THE CLUB

Drive through the Club and you'll find an assortment of homes and up-north cabins. Homeowners here enjoy the walkability of the Club to all of Crystal's amenities. There's a good blend of year-round residents and second homeowners in this wonderfully social community. Short-term rentals are allowed within the Club.

THE VILLAGE

Composed of 30 homes and homesites tucked, in most part, within cul de sacs along the 7th, 8th and 9th holes of the Betsie Valley golf course, the Village neighborhood has much in common with the neighboring Club community. Village homeowners enjoy easy access to Crystal's core area, with short-term rentals allowed as well.

TRAILSIDE

As the name implies, homeowners within Trailside enjoy trailside living, with biking, hiking, cross-country skiing and snowshoe trails nearby. Golf your thing? Trailside has that covered, too, with many homesites nestled along holes 6 through 10 of the popular Mountain Ridge course. Lot purchases in Trailside come with your choice of four architectural plans.

MOUNTAINWOODS

Residents here enjoy being a part of the active lifestyle that resort living provides, yet a location just far enough away from the resort center to offer a tranquil retreat amidst MountainWoods' rolling terrain and mature hardwoods. Lots range from one-half to a full acre, many with golf course frontage along the Mountain Ridge course. MountainWoods is located adjacent to the Michigan Legacy Art Park - you couldn't ask for a better neighbor!

A MEMBERSHIP FOR EVERYONE

For those who just cannot get enough of Crystal, a **Four Seasons Club** membership at Crystal Mountain may be the ticket for you. **Four Seasons Club** membership gives you and your family the opportunity to enjoy discounts across the resort and, depending on the plan you select, unlimited access to golf, the slopes, the pools and fitness center — or all of the above! In addition, you can take part in delightful member events and activities throughout the year.

Thinking of buying a home or condo at Crystal Mountain? Great news! Four Seasons Club membership options are available with all Crystal Mountain Realty listings. Membership is open to anyone, of course, whether you own property at Crystal or not. In fact, there's even a discounted Extended Family Option that will allow your adult children, parents, grandparents, etc. an opportunity to join in on the fun. Check with the team at Crystal Mountain Realty for more information.
